M&J F240e

With M&J F240e you can save up to 35% in operational energy consumption compared to other leading suppliers in the marketplace

No large pumps in the installation means lower total noise emission from the shredding operation. Meaning an improved HSE in the working environment

Lower amperage on main electric supply, due to smaller electric motor used. Meaning a reduction of tax for installed power connection

The M&J F240e is the epitome of a well-thought-out design. The focal point is high reliability and fast and easy service, so that downtime is limited to an absolute minimum

Minimal maintenance. Unique cutting system. Less heat generation. Expect the highest uptime on the market

Thanks to the leading cutting technology of the M&J F240e, you get homogeneous output with minimal heat generation and limited fine particles

Different screen size options allow for different grain sizes. The M&J F240e takes flexibility and versatility to a new level
